## Financial Reports for RuhrEnergieSolutions

Monday 2022-04-11

to: Emre O'Connor, EmreO'Connor@gmx.com

Cc: Sebastian Weber, SebastianWeber-Management@impactadapt.com

Hello Emre,

I hope this email finds you well. I wanted to bring your attention to the Financial Reports folder, which includes all the financial statements, budgets, and expense reports related to our RuhrEnergieSolutions project. This folder is crucial in ensuring transparency and accountability throughout the project. As you know, one of the key aspects of successful project management is proper documentation. It not only helps us track our progress but also allows us to identify any potential communication problems that may arise. In order to maintain effective communication, it is important that we name project teams and staff by their respective names. Luca Schmidt and Rohan Mehta from the Project Management Department are responsible for overseeing the RuhrEnergieSolutions project. They can provide valuable insights and assistance regarding any financial queries or concerns you may have. Additionally, Benjamin Klein is another point of contact who can offer support in terms of project coordination and communication. Please feel free to reach out to them if you require any assistance or have any questions. Thank you for your attention to this matter.

Thank you,  
Johan Patel
